Fabienne Monté – breeder Toscana®

The Toscana® breeding program

In breeding, we focus on plant quality, easy cultivation, outdoor performance and of course a beautiful palette of flower colours.

Breeding is a long process which requires dedication, expertise and eye for detail from our breeders. Our breeding program offers added value right along the chain, from grower to consumer. Drawing on feedback from growers and a continuous innovation process, we strive to further improve the quality of the different varieties and to expand the Toscana® series.

In the Galaxy series we have updated the Red and introduced a Violet. It is good to see that this relatively new Galaxy series is more and more appreciated for its specific voluminous habits.

Another highlight is the new Smart Pink Splash which will accompany the succesfull Smart White Splash. The new introduced Smart Maureen is a better fitting, more compact Smart Light Pink. The original Smart Light Pink will be available in the "specials" as Scandinavia has a special relation with this specific colour and planttype. Evita is replacing the brittle Eva in the Sunflair series. This was already on the wishlist for a while.

For the coming years we hope to benefit from our mutual USA breeding program as we see some interesting developments there. I will keep you updated!

About the Toscana® production

Toscana® is available as unrooted cuttings (URC) and as young plants. At our production locations in Ethiopia and Kenya we specialize in the URC production of Pelargonium. With a total of 37 hectares of well-equipped greenhouses, which are run by qualified and experienced staff, we supply from both locations a high production standard. This gives you the best quality against the lowest risk in supply change.

Moreover, we think and act sustainably. Our production locations are MPS-A certified (Environmental Programme for Ornamental Horticulture), covering crop protection products, fertilisers, energy, water and waste. Neonicotinoids are banned and to combat the negative effects of crop protection products, we use organic variants and work with Integrated Pest Management (IPM) wherever possible.

P. van der Haak Handelskwekerij is een familiebedrijf dat zich hoofdzakelijk toelegt op de productie van uitgangsmateriaal van pelargonium. Door specialisatie en de modernste productiefaciliteiten zijn wij in staat jaarrond uitgangsmateriaal te leveren in elk gewenst stadium. Niet voor niets is ons motto "Pelargonium van stek tot plant!"

Toscana breeding staat voor een marktgericht pelargonium assortiment waarbij elk segment kan worden bedient. De kweker staat hierbij centraal. Samen met onze partners word er continue gewerkt aan een verdere verbetering van de genetica op het gebied van teeltresultaten en tuinprestaties.

We hopen dat deze catalogus u helpt bij het maken van uw keuze en wensen u een goed seizoen.

Wij zijn graag uw betrouwbare partner in pelargonium!

Perry van der Haak

P. van der Haak Handelskwekerij is a family business who have specialised in the production of pelargonium young plants for many years. Through specialization and the most modern production facilities, we are able to supply all year round at any desired stage. It is not without reason that our motto is "Pelargonium from cutting to plant!"

Toscana breeding stands for a market-oriented pelargonium range where every segment can be served. The grower is central to this. Together with our partners we continuously work on further improving genetics in the field of nursery and garden performance.

We hope this catalogue will help you to make your choice and we wish you all the best for the coming season. We are happy to be your reliable partner in pelargonium!

Perry van der Haak

P. van der Haak Handelskwekerij ist ein Familienunternehmen, das sich hauptsächlich auf die Produktion von Pelargonien-Ausgangsmaterial konzentriert. Dank der Spezialisierung und modernster Produktionsanlagen können wir das ganze Jahr über zu jeder gewünschten Zeit Ausgangsmaterial liefern. Nicht umsonst lautet unser Motto „Pelargonien vom Steckling zur Pflanze!“

Die Toscana breeding steht für ein marktorientiertes Pelargonien-Sortiment, in dem jedes Segment bedient werden kann. Der Gärtner spielt dabei eine zentrale Rolle. Gemeinsam mit unseren Partnern arbeiten wir kontinuierlich daran, die Genetik im Bereich der Ernteergebnisse und der Gartenleistung weiter zu verbessern.

Wir hoffen, dass dieser Katalog Ihnen bei der Auswahl hilft und wünschen Ihnen eine gute Saison. Wir freuen uns, Ihr zuverlässiger Partner in Sachen Pelargonien zu sein!

La Dolce Vita

It's the small things that make life beautiful:
a glass of red wine in the sunset,
a cappuccino in bed or
a terrace full of outstanding pelargonias.
